Cranston, RI 02920
(401) 500 - 4206
personal: larosiliereb@gmail.com
school: larosiliereb@uri.edu

SKILLS

- Math
- Javascript
- Python
- HTML
- CSS
- C++
- C#
- Determined
- Great problem solver

EXPERIENCE

- Dietary Aide - Cedar Crest:
  - May 2018 to September 2018
  - Worked in a kitchen and prepared meals for the elderly.
- Launch Trampoline Park
  - Supervised children in play areas, taken orders in dining area, and worked in the kitchen making various food, mainly pizza.

I have yet to have any experience in the computer science field. Although, I often find myself teaching myself new skills due to my genuine interest in computer science.

EDUCATION

Cranston High School East

- Graduated 2020

URI - *Junior*
Expected graduation: 2024

I'm a junior studying computer science, going into my first semester of my 3rd year at URI.

Side Projects

I've written code to accept 2 individuals' schedules with different tasks as parameters and the function outputs available times the 2 individuals share.

Designed code to output a list of options that provide information from a csv file on a list of TV shows.

Coded a Sudoku Checker.

Created a basic alarm app.

Coded a program that accepts a list and gives the speed of the chosen sorter.

Coding a streaming bot that can connect to a twitch channel and respond to certain commands by viewers.
